

MP-410

TECHNICAL DATA

"Kling-Fast" Plastic Wheel Masker Bags

DESCRIPTION:

MP-410 "KLING FAST" Plastic Wheel Masker Bags are a perfect solution to masking wheels and tires in seconds. MP-410 not only covers the front of the tire but also the back and the tread so no overspray is present when the job is done. Chemically treated to instantly cling to tire and wheel sealing out paint and primer. Special tear resistant plastic allows all primers and paints to stick so there is no flaking or blow-off like imitations.

- STATIC-FREE. Chemically treated to instantly cling to tire and wheel.
- Covers entire front and back of tire.
- Recyclable, Reusable, Disposable.
- Holds all types of paint and primer to eliminate flaking and blowoff.
- Covers in seconds with not wire to attach.
- Fits 15" Tires and smaller.
