RUBBER-SEAL®
Medallion®
Refinish System

TEK ELITE Refinish Products were designed using the highest quality raw materials to provide the ultimate finish. This product line up is the total solution for any end user, simply add paint to meet your refinishing needs.

Under the paint, use any combination of our three primer surfacer/sealers.

- **MRS-78 Epoxy Primer/Sealer** - ideal for use on bare metal, but can also be applied as one coat, wet-on-wet sealer.
- **MRS-7980 2K Urethane Primer** - A versatile, urethane primer that has excellent film build and sands easily. It also can be used as a wet-on-wet sealer.
- **MRS-810 1K Acrylic Sealer** - Simply a great lockdown sealer with the convenience of being ready-to-spray out of the can.

Over the paint, pick the clearcoat that best fits your needs and they all use the same activator system.

- **MRS-21 Acrylic Urethane Clearcoat** - A high-solids 4:1 clearcoat that cures to a deep, glossy finish.
- **MRS-31 Glamour Clearcoat** - A high-solids 2:1 clearcoat designed to have the richest, deepest, high gloss finish.
- **MRS-33 Production Glamour Clearcoat** - All the attributes of MRS-31, but air dries in about 3 hours. The perfect combination of speed and appearance.

When you are ready to take your work from great to elite, the choice is simple - **TEK ELITE**.

Epoxy Primer Sealer

100% Epoxy Technology

Can be used in DTM applications or as a non-sanding sealer

Mixes 4:1 with **MRS-79 Activator**

Can be reduced up to 1 part for improved leveling

Part No.	Size	Color
MRS-78	Gallon	Gray
MRS-78B	Gallon	Black
MRS-78W	Gallon	White
MRS-79	Quart	Activator

2K Urethane Primer Surfacer

Excellent adhesion to bare steel

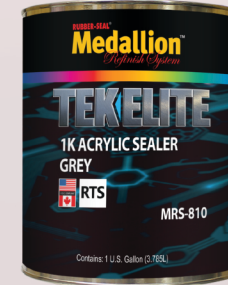

Can be used on flexible, semi-rigid and rigid plastics

Mixes 4:1 with **MRS-798 Activator**

Mix 4:1:1 for use as a non-sanding sealer

Part No.	Size	Color
MRS-7980	Gallon	Gray
MRS-7980B	Gallon	Black
MRS-7980W	Gallon	White
MRS-798	Quart	Activator

1K Acrylic Sealer

Excellent adhesion & color holdout

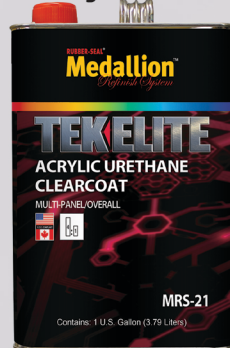

Ideal for spot & panel applications

Ready-to-Spray

Can be used on small, sand-thru areas

Part No.	Size	Color
MRS-810	Gallon	Gray
MRS-810-Q	Quart	Gray

Acrylic Urethane Clearcoat

Excellent gloss retention & durability

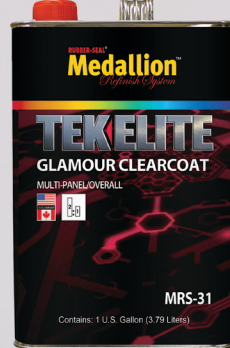

Ideal for multi-panel or overall refinishing

Air dry in 10-12 hours

Mixes 4:1 with **MRS-60/75/90 Activators**

Part No.	Size	Color
MRS-21	Gallon	
MRS-60	Quart	Fast Activator
MRS-75	Quart	Medium Activator
MRS-90	Quart	Slow Activator

Glamour Clearcoat

Easy to spray & exceptional DOI

Ideal for multi-panel or overall refinishing

Air dry in 8-12 hours

Mixes 2:1 with **MRS-60/75/90 Activators**

Part No.	Size	Color
MRS-31	Gallon	
MRS-60	Quart	Fast Activator
MRS-75	Quart	Medium Activator
MRS-90	Quart	Slow Activator

Production Glamour Clearcoat

Excellent gloss retention & DOI

Ideal for spot or 1-2 panel refinishing

Air dry in 2-1/2 to 3 hours

Mixes 3:1 with **MRS-60/75/90 Activators**

Part No.	Size	Color
MRS-33	3 Quart	
MRS-60	Quart	Fast Activator
MRS-75	Quart	Medium Activator
MRS-90	Quart	Slow Activator
