

RUBBER-SEAL®

Medallion®

Refinish System

TEK GOLD Premium Body Filler uses innovative resin technology to provide best-in-class performance. It has exceptional adhesion to most automotive substrates and contains special air-releasing ingredients to minimize the risk of pinholes. TEK GOLD spreads and levels to an ultra-smooth finish for exceptional sandability. In some applications TEK GOLD can be used as a one-step dent repair product, eliminating the need for putty. TEK GOLD is an excellent value and will save shops time and money!

- ❖ Superior adhesion to all metals
- ❖ Easily levels to an ultra smooth finish
- ❖ Easy sanding
- ❖ Virtually pinhole free
